Homework 7 due 3/20/18

Posted Mar 6, 2018 1:10 PM

10.24
10.25
10.39 (Use H_0: p = 0.2 vs. H_A: p < 0.2 as the hypotheses.)
10.57
10.65 (a) and (b); For part (a), find the mean and SD in R. Also print a normal qq plot for the data using R to justify the assumption of normality.
For part (b), use R to find the exact p-value.
Send all code in a .R file to me. You do not need to send a separate document file.
10.67 (a)
